Form: VMR028	Date: 15/06/2017	Rev: 3	Review: 15/06/2018	Authorised: Membership
--------------	------------------	--------	--------------------	------------------------

Waterside Assist Membership Form

Our Waterside Assist Membership is similar to that of a vehicle breakdown service such as RACQ. Join today and enjoy peace of mind when you are on the water and help yourself avoid costly tow charges.

Your annual subscription of \$60 includes the following benefits:

- **Free Towing Service** - Up to 2 hours in breakdown or emergency situations in our area of operation from place of pickup to your drop-off point.
- **Queensland-Wide Cover** – We will refund cost incurred from assistance given by other VMR squadrons for up to 2 hours of towing (up to a maximum of \$240).
- **Log On and Monitoring Service** - when you venture out to sea during weekends and public holidays between the hours of 0600 and 1700 hrs, use our Log On and Log Off monitoring service. If you have not returned by the time stated, we will try contacting you by radio or mobile phone and will advise the Water Police if you cannot be contacted.

To become a member, simply complete the Waterside Assist Membership Form overleaf and either scan and email it to secretary@vmrbrisbane.com.au or return it by mail to:

The Secretary
PO Box 201
Sandgate Qld 4017

How to Check your Radio and Log a Call with VMR Brisbane

Before leaving your departure point, you should always logon with VMR Brisbane or another rescue/monitoring organisation. Whilst giving us your details and plans, you are also checking that your radio is in good working condition. To log on, we need the following information:

- Vessel Registration Number and Name
- Mobile Phone Number
- Departure Point and Destination
- How Many Persons On-board (POB)
- Estimated Time of Return (ETR)

Below are the radio channels we man:

Radio Frequency	Emergency Channel	General Channels
VHF Radio	16	67, 73, 81 and 21
27 Mhz Radio	88	91

Please communicate any change of destination or estimated return time and remember to log off on your safe return to avoid triggering potentially costly and unnecessary search operations.
